

NANO SILVER

ORGANIC FUNGICIDE

- SANITIZE
- CONTROL
- PROTECTION

Green Jewel Nano Silver Organic Fungicide is a powerful, all-natural plant protection solution that provides broad-spectrum defense against bacteria, fungi, and viruses. Formulated with advanced Nano SilverSol technology, it eliminates up to 650 types of pathogens without leaving harmful residues — ensuring safety for plants, people, and the environment. This stable, easy-to-apply liquid also supports wound healing and encourages healthy plant growth, all without the risk of resistance. Perfect for eco-conscious growers seeking a safe, effective, and sustainable way to protect their crops.
